L'ESPRIT DU VIN

Founded in the 18th century and situated in the best part of Pomerol, the prestigious Chateau La Conseillante is led by the fifth generation of the Nicolas family today. Their vineyards now extend over a total of 17 hectares.

Focusing on their exceptional terroir, the Pomerol plateau, La Conseillante's wines are eagerly sought-after and appreciated for their extreme finesse, soft texture and their characteristic intense bouquet of violets and truffles.

Their wines have gained worldwide recognition and have become yet more refined in recent years. This is both due to a more sensitive approach in the cellar, in addition to more sustainable vineyard practices which have been adopted to enhance biodiversity and allow the vines to thrive.
